

# Play your part, be water smart!

## Wise Water Use

Water your yard and outdoor plants early or late in the day to reduce evaporation

Take shorter showers - five minutes or less is best.

Get an Energy Star labeled washing machine. Wash only full loads.

Put faucet aerators on sink faucets.

Install new toilets that use less than 1.6 gallons per flush.

Use plants that require less water.

Turn off the water while soaping hands and brushing teeth.

Turn off sink faucet while scrubbing dishes and pots.

Use low flow showerhead.

Use a shut-off nozzle on your hose.

Mulch around plants to hold water in the soil.

Use a broom, not a hose, to clean driveways and walkways.

## Save it, or do without it!
